¹**Internal users:** users from Institut Pasteur Campus and secondary establishments (Institut Pasteur de Guyane, Institut Pasteur de Guadeloupe, Institut Pasteur de Nouvelle-Calédonie, Institut de l'Audition).

²**Academic users:** users from public or private organisations having research and/or technological activity; from the Pasteur Network, excluding the secondary establishments; from startups created to exploit results coming from Institut Pasteur research; from Bioaster.

³**Industrial users:** commercial companies having an activity of production, manufacturing, distribution of products on a market or service provision.

⁴**Users from French Educational institutions:** the French educational establishments are defined as public or private educational establishments providing training for French degrees, such as professional 'baccalauréat', BEP, BT, BTS or equivalent. This includes schools ('écoles'), 'lycées', colleges ('collèges'), CFA ('Centre de Formation d'Apprentis'), IUT ('instituts universitaires de technologie'), professional training centers ('centres de formation professionnelle continue'), among others.
